

SURFACE REVIVER

PRODUCT DESCRIPTION

- High performance cleaner which removes organic and microbiological soiling from porous building materials. The surfaces can then be simply rinsed with water without using a pressure washer.
- High performance heavy duty remover
- Suitable for driveways, patios, paths, walls, walkways, roofs, decking etc.
- Ideal to brighten up concrete paths and remove black spot, red algae growth and leaf stains from contaminated surfaces.
- Available as a liquid, designed to clean, disinfect and revive contaminated surfaces.
- The product does not contain solvents, acids or caustic soda.
- Cleans and removes contaminants from:
 - Walls
 - Floors
 - Monuments
 - Paths
 - Roofs
 - Boats
 - Decking
 - Block paving
 - Painted walls
 - Ponds (remove fish prior to cleaning)

APPLICATION

Always test apply on a small hidden portion of the substrate before applying

- Shake the container well before use. Do not dilute or mix with other products. If there is a thick layer of fungi or moss, firstly use a broom to brush off as much as possible before applying.
- Apply in dry weather on a damp surface.
- Leave ideally overnight (which is the preferred method) or at least for a minimum of 60 minutes. Allow for more time in cold weather (<10°C). Rinse with water/jet wash and use a broom to brush away. Clean tools and equipment immediately after use with soapy water.
- Ideal to clean surfaces prior to painting which have become contaminated with black, red or green algae, simply apply to surface leave 30 minutes and rinse off, once dry painting can commence.

RECOMMENDATIONS

- Wear protective gloves and glasses, and appropriate clothing whilst using the product. Do not mix with acids or other cleaning products, may release dangerous gases (chlorine).
- Do not apply on metallic or impermeable materials. Do not allow product to come into contact with plants, shrubs or grass. Do not apply during rain, frost or when surface and air temp is <5°C & >30°C.

Important: The content of this documentation is based on our experience of the product. PROTECTiT SP guarantees the quality of its products, but expressly declines any liability in the event of failure by the user to comply with the recommendations and conditions of use of said products, notably but not exclusively in the event of incorrect application, application by unqualified personnel, use of products not compatible with PROTECTiT SP products or bad weather conditions.

KEY FEATURES

- Brightens up concrete, stone paths, patios & driveways
- High performance heavy duty remover
- Removes organic & microbiological soiling from porous substrates
- No pressure washer required

TECHNICAL DATA

- **Odour:** characteristic
- **PH:** <11
- **Soluble in water:** soluble
- **s.g:** 1.09
- **Colour:** off white
- **VOC:** 0

Shelf Life & Storage: 24 months from the date of manufacture in the original unopened container. Store locked up in dry place between 5°C and 30°C in the original container.
